Academic Year 2014-2015

The De La Salle University Presidents

Br. Ricardo Laguda FSC

Br. Dennis Magbanua FSC

Br. Raymundo Suplido FSC

Academic Year 2014-2015

May 16-Aug 26 * President and Chancellor Br. Ricardo Laguda FSC
Aug 27-May 15 * OIC President and Chancellor Br. Dennis Magbanua FSC
May 16-present * President Br. Raymundo Suplido FSC

The succession of three Presidents in Academic Year 2014-2015 is an unprecedented record in the leadership of De La Salle University.

As the year was just starting to unfold, Br. Ricardo Laguda FSC was elected by the General Chapter of the Christian Brothers in Rome to lead the Lasallian Mission in the Pacific Asia.

During the interim, De La Salle College of Saint Benilde President and Chancellor Br. Dennis Magbanua FSC served as OIC President and Chancellor, generously extending his service to the community to ensure that the University would be able to manage the transitions.

Following a selection process that involved DLSU's various stakeholders, the Board of Trustees elected Br. Raymundo Suplido FSC, then President and Chancellor of University of St. La Salle-Bacolod, for the DLSU presidency. The University held an investiture for him and the new Chancellor, Dr. Gerardo Janairo, on June 30, 2015.

Message to the Lasallian Community

Br. Raymundo Suplido FSC, PhD

Dear Lasallians and friends,

This Annual Report of Academic Year 2014-2015 centers on the theme, “Control Shift.” With this phrase, it is easy to conjure the image of those computer keys we use when making an alternative computer command or doing keyboard short cuts. These words aptly describe the movement of DLSU in Academic Year 2014-2015.

It has been a year of “shifts” or transitions, starting with the DLSU presidency of Br. Ricardo Laguda FSC, who started the year from the opening of classes in May, 2014 but stayed on until August only, following his election as General Councilor at the 45th Chapter of the Brothers of the Christian School in Rome. (The General Chapter is the highest policymaking body of the Brothers.)

To fill in the leadership vacuum, De La Salle College of Saint Benilde President and Chancellor Br. Dennis Magbanua FSC generously shared his service to the DLSU community. As the concurrent University Officer-in-Charge, he ensured the continued implementation of the strategic plans and projects that Br. Ricky started during his term. During the nine-month transition period, which ran from August 2014 to May 2015, Br. Dennis facilitated the consultation process to support the Board of Trustees in its search for the next DLSU President and Chancellor.

This report also emphasizes “control” because the University is fortunate to have staff, personnel, faculty, and administrators who continued the legacy of quality service even with all the changes that took place. Through the process of searching for the new leaders who would occupy the separate positions of President and Chancellor, representatives from the various sectors of the University participated in discussions and consultations to share their concerns, wisdom, and knowledge.

Reflected in this annual report are seven key “control” areas that measure our committed pursuit of the University’s vision-mission. These areas include: education, research, community engagement, governance, process, personnel, and facilities. You will find here the numerous individual, collective, and institutional achievements and accomplishments, as well as key “shifts” areas for further improvement--the knowledge of which would surely bring pride and honor to all who are part of the Lasallian family.

Since I assumed the position of DLSU president at the start of the Special Term in May 2015, I have witnessed the amount of work by our various stakeholders to ensure that our academic targets would be met. This report is a tribute to their dedication and efficacy.

In Academic Year 2014-2015, we continued to carry on the legacy of our founder, St. John Baptist de La Salle to offer an empowering and transformative Christian education to the young people entrusted to our care. We were called to innovate and be creative to respond to the massive shifts in the Philippine scene, as well as hurdle the global changes ahead. We fared well in dealing with these challenges.

As a fitting closure to the Academic Year, the University reviewed and revised its vision-mission, which now reads:

A leading learner-centered and research University bridging faith and scholarship, attuned to a sustainable Earth, and in the service of Church and society, especially the poor and marginalized.

Guided by this vision-mission, we look ahead with faith and confidence in Christ, the Master Teacher, as we build on the great work undertaken by the Lasallian community in the past year.

Yours in St. La Salle,

Br. Raymundo Suplido FSC, PhD
President

In Pursuit of the Vision-Mission

Education

Student achievements and performances in both academic and extra-curricular activities during AY 2014-2015 showcased De La Salle University's promotion of excellence and service, as well as the holistic development of future leaders who could take on global challenges.

Justin DC Sucgang,
AB Psychology ’09, Juris Doctor ’14

Gregg Louise Tolentino,
BS Applied Economics and
MS Economics ’15

10 *Outstanding Students of the Philippines*

For two consecutive years, two Lasallians made it to the Ten Outstanding Students of the Philippines: Justin DC Sucgang received the award in Malacañan Palace in June 2014 and Gregg Louise Tolentino, in July of the following year. For his part, Kristian Lawrence Caringal was named Most Outstanding Civil Engineering Student of the Philippines by the Philippine Institute of Civil Engineers in November 2014.

Kristian Lawrence Caringal

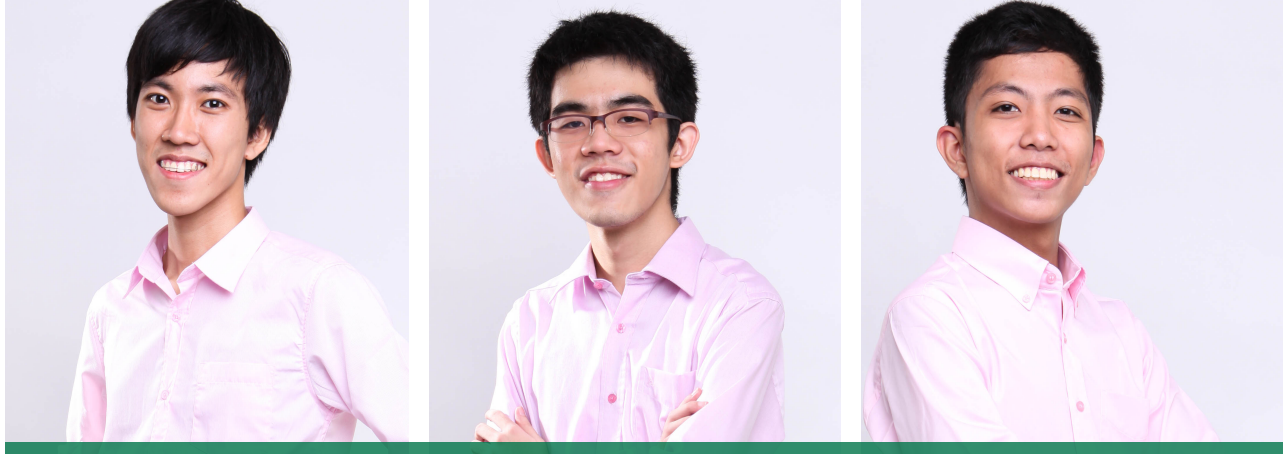

Most Outstanding Civil Engineering Student of the Philippines

The year marked the maiden participation in the Bar Exams of the first batch of DLSU College of Law graduates. Among schools that fielded over 40 examinees, DLSU is the No. 1 private law school and ranked No. 2 overall. The college, which was established only in 2010, garnered a passing rate of 56.2% against the national passing percentage of 18.82%.

In related news, the University ranked first among schools with 50 or more examinees in the Certified Public Accountants Board Exam in July 2014.

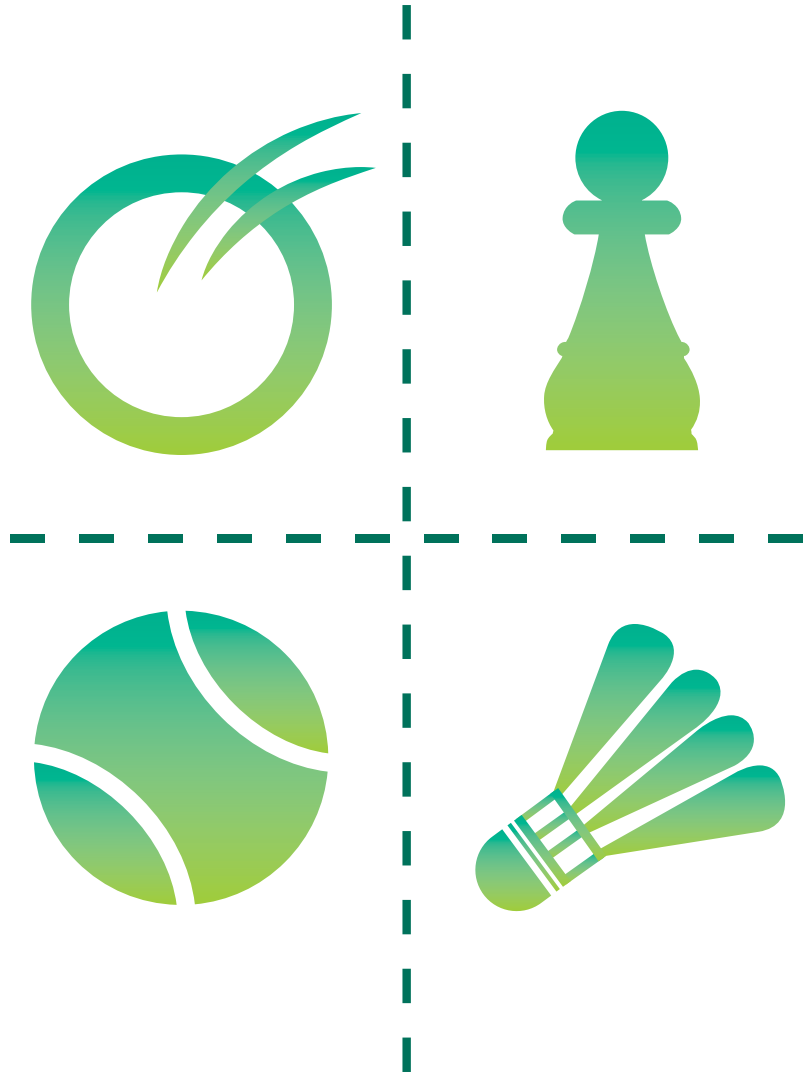

In the licensure exams for Chemical Engineers held in November 2014, DLSU ranked first among schools with 30 or more examinees. DLSU likewise topped in the Licensure Exams for Teachers in the elementary level, ranking first among schools with 20 or more examinees.

Conquering the global scene, Lasallian teams shone in various competitions. In the First ASEAN Undergraduate Chemical Engineering Quiz Bowl in 2014, the team of Sed Anderson Holaysan (Team Captain), Rainier Gomez, and Clarence Joseph Go won first place.

The team of Mark Lozana and Dana Unson bagged the first prize in the 12th ECONOMIX Competition held at the Kanopi Faculti Ekonomiks, Universitas Indonesia in 2014.

The team of Kimberly Tanhui, Camille Alejandrino, Ayra Mae Fernando, and Philaine Joie De Armas won third place in the Chartered Institute of Management Accountants Global Business Challenge in Poland in August 2015, a competition participated in by about 14,500 students from across the globe

Lasallians showed their mettle not only in academics but also in sports. In the University Athletic Association of the Philippines, 12 athletes received individual awards, and three teams emerged as champions: Men’s Table Tennis, Women’s Table Tennis, and Men’s Chess.

In UNIGAMES 2014, DLSU teams also won the championship in fivesports: Men’s Lawn Tennis,Women’s Lawn Tennis, Men’s Badminton, Women’s Chess, and Women’s Volleyball.

DLSU athletes also garnered several awards in international sports. In the ASEAN University Games, Jamaica Dianne Sy seized the gold in Women’s Table Tennis. In the 15th ASEAN Age Group Chess Championship, Bernadette Galas brought home gold medals in two categories, while Cherry Ann Mejia and Giovanni Mejia each bagged a gold medal.

Throughout the academic year, the consistent performance and outstanding leadership of Lasallians in various fields affirmed the University's continuing commitment to be a leading resource of an excellent and empowering education. Against a backdrop of changes in the academic landscape, DLSU focused on its mission, constantly seeking significant, positive, and tangible developments for the country, as well as the rest of the world.

I. PAASCU

Preparation for PAASCU reaccreditation of graduate programs in Education, Liberal Arts, and Science: visit originally scheduled on October 24-25, 2014 moved to October 2-3, 2015.

Preparation for PAASCU preliminary survey of the MBA and DBA programs: visit originally scheduled on October 22-24, 2014 moved to September 30 and October 1, 2015.

Preparation for PAASCU reaccreditation of Engineering undergraduate programs: visit on November 9-10, 2015.

Action Plans to address 2013 PAASCU recommendations finalized in December 2014.

II. CHED

A. Horizontal typology document submitted to CHED on July 24, 2014.

B. Application for renewal of autonomous status through vertical typology submitted to CHED on September 10, 2014. On May 26, CHED extended the validity of existing autonomous status to December 31, 2015.

C. Application for renewal of Center of Excellence/Development status submitted for the following programs to CHED on April 29-30, 2015:

1. Biology
2. Chemistry
3. Political Science
4. Mathematics
5. Physics
6. Literature
7. Teacher Education
8. Information Technology Education

D. Application for upgrade from Center of Development to center of excellence submitted for the following programs to CHED:

Civil Engineering – submitted May 15, 2015
Chemical Engineering – submitted online May 15, 2015
Computer Engineering – submitted May 15, 2015
Electronics Engineering – submitted May 15, 2015
Industrial Engineering – submitted May 15, 2015
Mechanical Engineering – submitted May 19, 2015

E. New applications for Center of Excellence submitted for the following programs to CHED:

Statistics – submitted May 15, 2015
History – submitted May 15, 2015
Accountancy – submitted May 25, 2015
Entrepreneurship – submitted May 25, 2015
Business Management – submitted May 26, 2015

F. On May 26, 2015, CHED extended the validity of existing Centers of Excellence/ Development to December 31, 2015

International

ASEAN University Network - Quality Assurance

The AUN QA assessments for the Accountancy and Biology programs were completed in November 2014. Accountancy obtained a score of 4.6 while Biology received a score of 5.5 out of a total of 7. In the AUN rating scale, 4 is adequate and meets the AUN criteria; 5 is better than adequate exceeding the AUN criteria; 6 is best practices; 7 is excellent or world-class. The ratings of Biology is among the highest if not the highest among all rating given to over 100 programs assessed by the AUN QA. Dr. Austria, Dr. Culaba and Dr. Sison (administrators who underwent AUN QA training in 2013) have been deployed to be assessors in various AUN quality assessments at program level. This brings the current pool of assessors at DLSU to 2 lead assessors and 4 junior assessors. This academic year, 3 more administrators (Dr. Suarez, Dr. Largoza, and Dr. Bayot) completed the Tier 1 training for AUN assessors in Thailand. They will be attending the Tier 2 training prior to their deployment as junior assessors.

Preparations for Accreditation Board for Engineering and Technology (ABET)

Seminars were conducted by GCOE to orient the college on ABET as well as its criteria. Work plan and assignments have been put in place. Dr. Alvin Chua serves as the GCOE QA head with 7 subject coordinators (one per engineering area). Work assignments per term have been given and delivered. Term 1 was to work on the self study report for Criteria 1-4 and to gather data and evidences. Term 2 was devoted to ABET Criteria 5 and 6 while improving the report for Criteria 1 to 4. Term 3 was for Criteria 7 and 8 and improvement of Criteria 1-6 and so forth. At the end of this academic year, a third party ABET evaluator has been requested to review the self-study report.

Preparations for Association to Advance Collegiate Schools of Business (AACSB) Accreditation

Upon submission of application and other data requirements, RVRCOB was granted member status in AACSB effective May 2015. Membership is renewed annually. RVRCOB Dean and IQA Director attended participated in separate seminars on AACSB Assurance of Learning and Business Accreditation at the beginning of the academic year. IQA arranged for the RVRCOB Chairs and Dean to meet with Ms. Eileen Peacock, AACSB Senior Vice President and Chief Officer for Asia Pacific, during her visit to Manila in January 2015. The meetings discussed basic expectations and requirements in preparing and applying for AACSB accreditation. Four RVRCOB faculty members attended Assurance of Learning and Business Accreditation seminars given by AACSB in Penang, Malaysia in March 2015.

Rate of Utilization	57.46%
University’s Total Operating Budget	Php 2,104,559,640
% of Faculty Development allotted budget against total operating budget	1.97%

Research

To further strengthen research among Lasallians and to also encourage the rest of the local academic community to pursue the generation of new knowledge, De La Salle University developed various strategies and programs as well as hosted research-related activities in Academic Year 2014-2015.

Nobel Laureate for Chemistry
Prof. Ada Yonath

DLSU Research Congress 2015

In the annual DLSU Research Congress held on March 2-4, 2015, the 2009 Nobel Laureate for Chemistry, Professor Ada Yonath, delivered the keynote lecture.

Yonath, a global figure who helped revolutionize the field of structural biology, particularly the development and design of new antibiotics, centered on the topic, “Moving forward to maintain sustainability for the future of mankind.”

The Research Congress mirrored DLSU’s desire to create venues wherein students, teachers, and researchers would develop their desire and commitment to engage and collaborate in the promotion of multidisciplinary researches.

Aside from featuring the Nobel Laureate, the University also showcased some of the most outstanding local scientists, such as National Scientist Dr. Lourdes Cruz and Philippine Nuclear Research Institute Director Dr. Alumanda dela Rosa. DLSU’s premier group of faculty, the University Fellows, also shared their works in lectures and forums.

Throughout the academic year, the University sponsored workshops on how to develop the skills of students and teachers for publishing researches in high-impact journals in natural sciences, technology, humanities, and social sciences.

Research centers showcased their research agenda, activities, and outputs in exhibits. Researchers shared their work in various conferences and seminars, among which were: the **Communication Congress**, which was organized in celebration of the Communication Department's 40th year; the **Social Development Research Center Congress**, which marked SDRC's 35th year, and which highlighted studies on poverty alleviation, adapting to climate change in Southeast Asia, reproductive and health needs of women with disabilities, and health facility assessment of barangay health stations; and the 1st **National Congress on Action Research in Education** by the Lasallian Institute for Development and Educational Research.

Another major initiative of the University was the DLSU Innovation and Technology (DITECH) Fair, held on March 26-27, 2015. It sought to provide particular solutions to some of the country's major problems.

GREEN INNOVATIONS FOR A SUSTAINABLE FUTURE

DITECH aimed at addressing 10 goals: 1) contribute to finding solutions to end extreme poverty; 2) achieve economic development; 3) ensure effective learning that will generate work and livelihood; 4) achieve gender equality, social inclusion, and human rights for all; 5) achieve health and well-being; 6) improve agricultural systems; 7) empower cities; 8) curb human-induced climate change, and ensure sustainable energy; 9) secure ecosystem services and biodiversity; 9) ensure good management 10)of water and other natural resources; and 10) transform governance for sustainable development.

A reflection of DLSU faculty's unceasing quest for new ideas and innovation was their inclusion in the Top 150 Filipino Scientists and Scholars byWebometrics, which meant that they were the most-cited researchers in the country.

DLSU's leading professors received international and local recognition and honor from various award-giving bodies such as the International Association of Multidisciplinary Research, National Academy for Science and Technology, CHED's Republica Award; Japan Concrete Institute; Asian Congress of Nutrition, and Philippine Council for Industry, Energy, and Emerging Technology Research and Development Outstanding Research and Development Awards, among many others.

In their continuing pursuit for sustainable solutions through research, DLSU faculty and students underscored the need to meet the international standards of quality as they sought to contribute to the body of knowledge in both the local and global scientific communities.

Institutional Recognition

QUESTIONS, an institutional publication of DLSU, presents stories in a "laymanized" manner to make the general public appreciate, support, and engage in the various research projects and creative endeavors of its faculty.

Faculty Development as % of Operating Budget AY 2014-2015

- "Research Expenditure" refers to the total amount allocated and spent by the University for Research during a particular year.
- Include funds allocated by the University and by the College Research Councils. Do not include funds from external sources.

Research Allotted Budget	Php 293,714,652
Research Actual Expenditure	Php 171,569,610
Rate of Utilization	58.41%
University's Total Operating Budget	Php 2,104,559,640
% of faculty research allotted budget against total operating budget	13.96%

Community Engagement

A transformational response to the signs of the times. A rediscovery of the founding charism. A profound renewal in faith and prayer centered in Christ. Former DLSU President Br. Ricardo Laguda FSC noted these three common traits by Brother Superior Generals, which he emphasized as key elements in the pursuit of the Lasallian Mission.

In Academic Year 2014-2015, these traits were reflected in the various initiatives of the Lasallian community. According to Vice President for the Lasallian Mission Br. Michael Broughton FSC, an estimated 89% of DLSU's academic programs integrated a service-learning component.

89%

Br. Michael noted that in the past year, the departments and their faculty and students undertook projects that tapped the knowledge and expertise in their respective fields of interest.

The Gokongwei College of Engineering, for instance, a team has established a micro-hydro plant for Barangay Parina in Apayao, providing not only energy for the 50 households in the community but also educating them on how to properly manage the energy program.

The College of Science through the Biology Department conducted a medical mission at the Jaime Hilario Integrated School-La Salle in Bagac, Bataan.

The activity sought to continue the medical and dental profiling of students from Kinder to Grade 10, to improve the health of students. At the College of Liberal Arts, a group of Filipinoinstructors sought to make Filipino language relevant and went all the way to Venice upon the request of OFWs, who wanted to make their children learn and appreciate the language.

Meanwhile, the College of Law extended itself to about 300 public school teachers, who received free legal aide and were given a workshop on legal matters. Public school teachers were also the beneficiaries of the Brother Andrew Gonzalez FSC College of Education’s language training program, which was conducted in partnership with the Department of Education (DepEd).

Operation Big Brother

Adopt-a-school Program

One of the major community engagement programs of the University during AY 2014-2015 was the establishment of a partnership program with F.G. Calderon Integrated School in Tondo, Manila. The project supports RA 8525 “Adopt a School Act of 1998,” which establishes the situation of public education in the country and the opportunity for institutions to respond.

Initiatives for the F.G. Calderon Integrated School included, among others, a seminar workshop on “Suicide First-Aid Guidelines,” campus journalism, and sports clinic.

Another adopt-a-school program of the BAG CED is the continuing Operation Big Brother (OBB), which has served more than 1,600 students and 130 teachers in 13 public schools in Metro Manila since 2001. During the academic year, OBB received recognition from DepEd for promoting accessible and quality Education for All.

Also with support from the DepEd, DLSU together with its partner public schools established nurseries of native tree species. DepEd Secretary Br. Armin Luistro FSC explained that the partnership would not only promote the cultivation of native tree species in the Philippines but also help increase awareness on their ecological importance.

Community-based developmental projects

In September 2014, DLSU through the Center for Social Concern and Action (COSCA) signed a Memorandum of Understanding (MOU) with representatives of seven pilot barangays in District 5, Manila.

The MOU sought to train local leaders on community-based monitoring system, which would be used to measure the status of the Millennium Development Goals in the barangay level. Information generated through CBMS would be used by both the barangays and COSCA to identify common developmental projects and activities that the University would develop for District 5.

Year of Communion

On two major occasions, first during the Lasallian Mission Week in November and the second during the University Week in February, the community was called upon to reflect on the Lasallian Mission of providing human and Christian education to all, as started by St. John Baptist de La Salle. Activities and fundraisers were mostly geared towards the University's scholarship programs. About 24% of the student population received scholarship grants during the period.

Br. Michael noted the strong community engagement by the different colleges, as reflected on the use of their allocated budget for such activities. In terms of Lasallian Formation, he expressed joy in the growing interest of students to learn more about the Christian Brothers' work as well as in the increase in the number of aspirants.

The University Week, aptly themed "Year of Communion: One World, One La Salle," showed the unity and collaboration of student organizations and the other sectors of the University. Indeed, A.Y. 2014-2015 was a period of engaging in meaningful and sustained initiatives, towards positive transformation and national development.

Formation of all Sectors

Students

- IPERSEF and Lasallian Leadership Journey programs helped promote the spirit of volunteerism among graduating students, with 3 LSVP volunteers this year; many students also became interested with the vocation of the Brothers

- Student organizations continued to integrate community engagement in their own projects and activities.

- Mass-based student formation programs ran well. The coordinators and student participants and facilitators sought ways to further improve the programs.

- The Animo Build Formation Program, an orientation-reflection session on the Lasallian Formation and Action team (LFAT) framework on Leadership, Spirituality, and Community Engagement, was attended by 100 student-athletes.

Adult Formation

- The Co-Academic Personnel, the STC-IS faculty and the new faculty members of DLSU underwent Lasallian Modules: a) to know the Founder, the Lasallian Charism, the Lasallian Values and Prayers; and b) to learn the Lasallian Guiding Principles and the Lasallian Reflection Framework and the Community Engagement Framework.

- The University Faith Formation Fund for P3 Million was utilized by the different units, colleges and groups in the University to help bridge faith and scholarship.

- The Leadership Management and Development Program was facilitated.

- The 1st DLSU Administrators' Retreat was held on August 7-8, 20L5 at the St. Paul Center for Renewal in Alfonso, Cavite.

For Liturgical and Community Building

- Morning Prayer was held at the PGP Chapel everyday at 8 a.m.
- Stronger partnership with the Parish (DLSU Stations of the Cross, 'Misa de Gallo sa La Salle, youth formation activities given by LSPO volunteers to parish youth volunteers, Kumpil etc.).
- Community participation during the Papal Visit last January.
- 5th DLSU Community Christmas Party was held on December 12, 2014 with 1,416 members of the Lasallian community from the Manila and STC campuses in attendance.
- The 3rd DLSU Community Summer Outing held on April 30-May 2, 2015 in Puerto Princesa, Palawan was participated in by 518 DLSU personnel, DLSU Affiliates and family members.
- Forged partnerships with government agencies and indigenous people for the reforestation of around 1,500 hectares of land in the Upper Marikina Watershed.
- Forged partnerships with Catholic organizations, educational institutions and private organizations to promote an inclusive, peaceful and transparent elections.
- Organized programs and activities for the benefit of street children, children in various evacuation centers, and farmers.
- The Annual Lenten Pilgrimage was held on March 7, 2015. It was participated by 266 members from both Manila and STC campuses.
- The Iftar dinner held on July 23, 2014 was attended by around 70 Muslims and Christian students and staff.
- The ecumenical praise and worship activity held during the DLSU Vision-Mission Week 2015 was attended by around 100 students.
- Student Lasallian Animators facilitated a Youth Leadership Workshop for Columbian Squires of the Parish of the Our Lady of the Assumption.

- The Catholic Religious Organization of Students had an outreach activity for the selected youth from the Our Lady of the Assumption Parish.

Vocations Ministry

- Increase in the number of aspirants: AY13-14: 26; AY14-15: 38.
- DLSU hosted 2 Inter-Luzon Aspirants' Workshop (July 19, 2014; March 21, 2015)
- 1911 Brothers' Community Open House: Increase in the number of visitors. From more or less 300 visitors in Feb 2014 to 1,300 guest in Feb 2015.
- Organized community immersion of La Salle Brothers Scholastics in one of the COSCA-CWTS areas in KSBB Bagong Barrio, Caloocan City.
- 7 Batches of Brothers' Community Live-in Program.
- Establishment of the DLSU Lasallian Vocation Team

Lasallian education and service

Academic Programs with service components

National Service Training Program – Civic Welfare Training Service

Achievements

- Introduced Organizational Development (OD) as the program thrust of the CWTS course
- Infusion of the Expected Lasallian Graduates Attributes (ELGA) in the modules and sessions of CWTS

- Facilitated the conduct of the CWTS modified classes for 3 Athletes sections and 2 Artists sections
- Facilitated NSTPC2 special class to graduating students/upperclass students
- Facilitated the Day Care Partners Network Assembly.
- Conducted a year end gathering with CWTS facilitators and area coordinators
- Conducted a policy re-orientation dubbed as Paglalatag for new CWTS partner orgs
- 106 CWTS sections implemented OD projects including non-OD or side projects from Feb. 7 until March 14, 2015 for a total of 30 hours per section
- Conducted field monitoring visits and meetings to CWTS partner organizations.
- Conducted the first ever NSTP-CWTS Graduation/Completion rites last March 28, 2015 during the culmination of NSTP-CWTS for AY 2014-2015
- Conducted NSTP-CWTS integration, evaluation and planning session with STC staff.
- Recognized Best Outputs of the Students' project implementation during the CWTS Graduation/Completion rites
- Facilitated the evaluation and planning of the CWTS Organizational Dev't Team (ODET) participated by 11 selected CWTS Partner Orgs last April 13-15, 2015
- Conducted the Annual Evaluation dubbed as Joint Pagtatasa with Team Building which was attended by CWTS facilitators and area coordinators
- Various service-learning activities were held.

College	Total No. of Academic/ Degree Program	Academic/Degree Program with Service Learning Component (Undergraduate)	Academic Courses with Service Learning Component (Undergraduate)	% of Accomplishment
College of Computer Studies	4	4	4	100%
BAGH- College of Education	8	-	-	-
College of Liberal Arts and ARTS-BUS	101	101 (7 if no TRED2)	16	100%
RVR- College of Business	9	5	9	55%
School of Economics	25	25	1	100%
G. College of Engineering	13	11	6	84%
College of Science	13	2	4	15%
College of Law	1	-	-	-
Total	165 (173)	148	40	89%

Community Engagement Programs

• Ongoing implementation of the Sustainable Development Goals (formerly MDGs) Localization Project in District 5, Manila in partnership with 7 pilot barangays, focusing on the following components: Health, Education, SocialEnterprise and Environment/Disaster Risk Reduction and Management

• Strengthened the Beyond a Million Trees Project by forging partnership with the Department of Education

Governance

Addressing not only the ongoing challenge of furthering DLSU's edge in quality and holistic education but also addressing global problems, the University developed a new mission-vision.

In view of the impact of K-12 and the implementation of an academic calendar shift, a human resource rationalization plan was drawn to the satisfaction of faculty members and administrative personnel. The University also continued to promote an institutional culture anchored on the Lasallian Guiding Principles.

Academic Calendar Shift

Taking off from the inputs drawn from various sectors and key stakeholders from January - May 2014, the central administration conducted a town hall meeting on the Academic Calendar Shift scheduled to take effect beginning AY 2015-16. The town hall meeting was held on May 30, 2014 (same day as the University General Assembly). Representatives from the different stakeholders attended the meeting. Details of the transition period as well as other operational concerns were discussed during the meeting. Comments and suggestions given during the open forum were incorporated in finalizing the operational guidelines of the academic calendar shift. The new academic calendar for A.Y. 2015-16 began on August 24, 2015 and will end at May 4, 2016.

Special Term: Transition Period for the Academic Calendar Shift

To minimize the impact of the academic calendar shift to graduating students, the University offered a special term during the transition period.

The special term consists of eleven (11) weeks and will run from May 4 to July 23, 2015. The special term is considered as a regular term under AY2014-15. The implementing rules and guidelines for the special term were formulated by a committee composed of the members of the Academics Council. The guidelines have been disseminated to the stakeholders of the University and may be accessed through the following: https://medium.com/@DLSUManila/dlsu-academic-calendar-shift-c6dd150566da

Tuition Hike and Across-the-Board Salary Increase

The representatives of the DLSU Multisectoral Committee on Student Fees (MSCSF) in their meeting on January 23, 2015, agreed to a 4% increase in tuition fees only for both freshmen and upperclassmen for AY 2015-2016.

The representatives of the Administration, Faculty, and Employees have also agreed to an across-the-board salary increase of 6%. However, in the March 10, 2015 meeting, the Board of Trustees approved a 5% across the board increase only.

Human Resource Rationalization for K-12 Impact

A Human Resource (HR) Rationalization Committee was formed to study the impact of K-12 on the faculty and personnel of DLSU and based on the results of the study propose options in rationalizing the human resource of the University. The committee is chaired by Dr. Carmelita Quebengco AFSC (Chancellor Emeritus)) with the following members: Dr. Myrna Austria (Vice Chancellor for Academics), Mr. Edwin Santiago (Vice President for Administration), Mr. Nilo Pacheco (Senior Financial Consultant to the President), Dr. Dominador Bombongan Jr. (Associate Vice Chancellor for Faculty Resources and Development), Dr. Rico Puno (Director, Office of Personnel Management), Mr. Dante Leoncini (President of Faculty Association), Ms. Inores Palmes (University Controller), and Atty. Christopher Cruz (Legal Counsel).

The committee was convened from March 28 to November 4, 2014 to discuss the scenarios relative to the impact of K-12. On March 10, 2015, Dr. Quebengco presented to the Board of Trustees six general scenarios based on specific assumptions that included enrollment projections, the full-time, part-time faculty ratio, and the impact on the revenue shortfall at DLSU relative to the implementation of K-12. The report consisted of the relevant background information, laws, projected savings from additional measures that could be taken, projected freshmen and upperclassmen enrollment from Academic Year 2012-2013 to Academic Year 2022-2023, personnel affected and additional saving measures in relation to personnel. The scenarios and options presented ranged from Scenario 1 Option 1A, where all full-time faculty members are to be retained and will also teach almost all the load now taught by part-time faculty members,

with a revenue short fall of Php1.101B; to Scenario 3B Option 3, where the faculty full-time part-time ratio is 50%-50% and where the revenue shortfall will be down to Php730M for the years affected.

Search for University Chancellor

To facilitate the consultation and selection process for the Chancellor, a Search Committee was constituted with the following composition: Chancellor Emeritus Dr. Carmelita Quebengco AFSC (Chairperson), Board of Trustees Members Mr. Edgar Chua and Sr. Cora Manalo DC AFSC, and former DLSU Presidents and Chancellors Br. Armin Luistro FSC, Br. Narciso Erguiza FSC, and Br. Ricardo Laguda FSC.

The search committee prepared the duties and responsibilities of the Chancellor as well as the required qualifications for the position.

The following sectors of DLSU were requested to meet and select a maximum of two nominees for Chancellor:

- Students through the DLSU Student Government
- Faculty through the DLSU Faculty Association
- Co-academic personnel through the DLSU Employees Association
- The University Fellows
- Administrative and Professional Service Personnel
- DLSU Administration
- The parents through the PUSO
- The DLSU alumni through the DLSU Alumni Association

The sectors were given one month to conduct their respective sectoral meetings and consultations before they submitted their nominees to the committee on April 22, 2015.

Aside from determining the procedures for the nomination process, the Search Committee was also tasked with the following: (a) to review the implications of the appointment of the Chancellor on the University's organizational chart, (b) to submit recommendations to the Brother President based on the result of these reviews, and (c) to evaluate and submit a ranked short list of nominees to the President before June 1, 2015.

Strategic Planning Workshop of Administrators

The university administrators conducted its annual planning workshop on July 23-25, 2015 at the Villavicencio Board Room, 14th floor of the HSSH. DLSU President, Br. Raymundo Suplido FSC and newly appointed Chancellor, Dr. Gerardo Janairo attended the planning workshop together with thirty (30) central administrators, deans, and other newly appointed administrators. Chancellor Emeritus Dr. Carmelita Quebengco AFSC facilitated the workshop sessions. During the workshop, the Vision-Mission of the University was reviewed and the performance of DLSU for the past three (3) years was assessed vis-à-vis the targets of the Strategic Plan.

The new administration team came up with a slightly revised Vision-Mission statement which highlighted the importance of our common home, heeding the call of Pope Francis in his encyclical Laudato Si. The administration team also decided to come up with a new strategic plan for the University covering the period 2015-2020. Additional planning sessions were conducted on August25-26, 2015 to assess the performance of the Science and Technology Complex and revisit its plans.

The following are the highlights of the the DLSU Strategic Plan 2015-2020:

Vision-Mission

A leading learner-centered and research University bridging faith and scholarship, attuned to a sustainable Earth, and in the service of Church and society, especially the poor and marginalized

Key Result Areas

- Education that is excellence-driven, and learner-centered
- Research that is rigorous, meaningful, and responsive
- Discourse that is interdisciplinary, diverse, and values-inspired
- Governance that is transparent, accountable, and inclusive
- Community that values talent and is socially-engaged
- A DLSU-STC where S&T meets the arts, and innovation leads to ventures

Process

The University sought to generate effective and efficient processes in line with the DLSU Vision-Mission-**Values.** In the area of Quality Assurance, studies were made on graduate studies enrollment and completion trends, as well as mentor efficiency and loading. Programs were instituted to assist administrators and faculty members who were preparing for accreditation assessment.

Campus improvements included opening venues for various needs such as food service, technology center, sports and wellness, and safety and security.

Process Review and Improvements

Risk Management, Compliance and Audit

Completed self-assessment tools of the following as endorsed to DLSP:

- MCS for Procurement and Materials Management
- MCS for Human Resources Management (for non-teaching personnel)
- MCS for Human Resources Management (for teaching personnel)
- MCS for Facilities and Environmental Programs Management first 5 areas (carbon neutrality, environmental education, occupational safety and health, regulatory compliance, risk reduction management)

Quality Assurance

A. Institutional Studies for Quality Assurance completed

Five-year enrolment trends in the graduate programs of Education, Liberal Arts and Science (A.Y. 2009-10 to A.Y. 2013-14) – June 2014

Mentor efficiency in the graduate programs of Education, Liberal Arts and Science (A.Y. 2010-11 to A.Y. 2013-14) – June 2014

Completion rates and completion times of graduate school scholars (A.Y. 2003-04 to A.Y. 2013-14) – August 2014

Completion rates and completion time of graduate programs (A.Y. 2004-05 to A.Y. 2013-14) – September 2014

Mentoring load and success rates in the Liberal Arts graduate programs (AY2010-11 to AY 2013-14) – February 2015

Mentoring load and success rates in the Liberal Arts graduate programs (AY2003-04 to AY 2014-15) - March 2015

B. Rankings and Competitiveness

The IQA Director chaired the Ad Hoc Committee on Rankings and Competitiveness was presented by Mr. Edgar Chua to the BOT. It was approved for funding by the BOT.

Quacquarelli Symonds (QS) World University University Rankings

The IQA completed and submitted all critical data requirements to the QS ranking organization including university data, database of academic peers and employers.

In the 2015 QS World University Rankings by Subject, one of the programs of DLSU made it to the subject rankings. DLSU was ranked 151-200 in English and Literature. Over 3,500 universities were evaluated with over 14,000 programs. The rankings by subject is for 36 subjects.

Times Higher Education

IQA has submitted all data requirements including financial data to the Times Higher Education organization.

U-Multi Rank

IQA has submitted the pertinent information to the U-Multi Rank signifying DLSU's interest to participate in their rankings. U Multi Rank is based in Europe and largely funded by the EU and DAAD.

C. Knowledge Sharing Site

Knowledge Sharing Site was deployed to administrators and to selected faculty members who prepared for accreditation and assessment. Full migration from Sharepoint 2003 to Sharepoint 2013 has been accomplished. Dashboard features and other Fact Book entries are available in KSS.

Campus Services Initiatives

Campus Improvements

Animo BIZ
A total of 21 applicants participated in the Animo Biz program for A.Y. 14-15. Nine (9) applicants qualified during the first term; Six (6) applicants for the 2nd term; and Six (6) applicants during the third term. Store operations commence on the start of each terms (Term 1 - May 2014; Term 2 - Sept 2014; Term 3 - January 2015)

Bloemen Hall Kiosks
Eight (8) regular kiosk concessionares operated at Bloemen Hall during the academic year to offer variety of food to the community.

Animo HACK
A 24 hour hackathon organized by the USG Computer Studies Government was held on 14-15 March 2015 at the Pablo Nicolas Auditorium. The event challenged to create a mobile or web-based application prototype for Animo BIZ.

Power Mac Center
Power Mac Center opened its first campus store in DLSU on 26 August 2014. The store is located at the Ground Floor of Yuchengco Hall. All net proceeds from the lease go to the scholarship fund.

Yoga+
The DLSU yoga studio was inaugurated on 30 January 2015 at the 2nd Floor of the Enrique Razon Sports Complex. The facility will provide students and employees an alternative wellness avenue that can support their health objectives. All net proceeds from the lease go to the scholarship fund.

Gold’s Gym
Gold's Gym representatives started pre-selling and registration on 16 June 2015 along Enrique Razon Sports Complex entrance hall.

Creation of the University Safety Office
Dr. Jocelyn Dayanan was appointed as Director of the University Safety Office effective 16 February 2015. The University Safety Office shall be responsible for the management of all safety issues and concerns in the community.

Human Capital

The University aimed at encouraging members of the Lasallian community to pursue continuing education and institutionalize Service Learning. Administrators, personnel and faculty were offered venues to collaborate, celebrate together, and promote the Lasallian animo.

Recruitment and Hiring

Non-Teaching Personnel Recruits and Hires

Category (Classification)	Term 1	Term 2	Term 3	Term 4

Facilities

With a bold vision as a leading, learner-centered research university in the Philippines and the region, De La Salle University oversaw infrastructure developments on three key locations: the central campus in Manila, the Science and Technology Complex in Laguna, and the burgeoning financial district at the Bonifacio Global City in Taguig.

DLSU Rufino Campus

Topping off ceremony

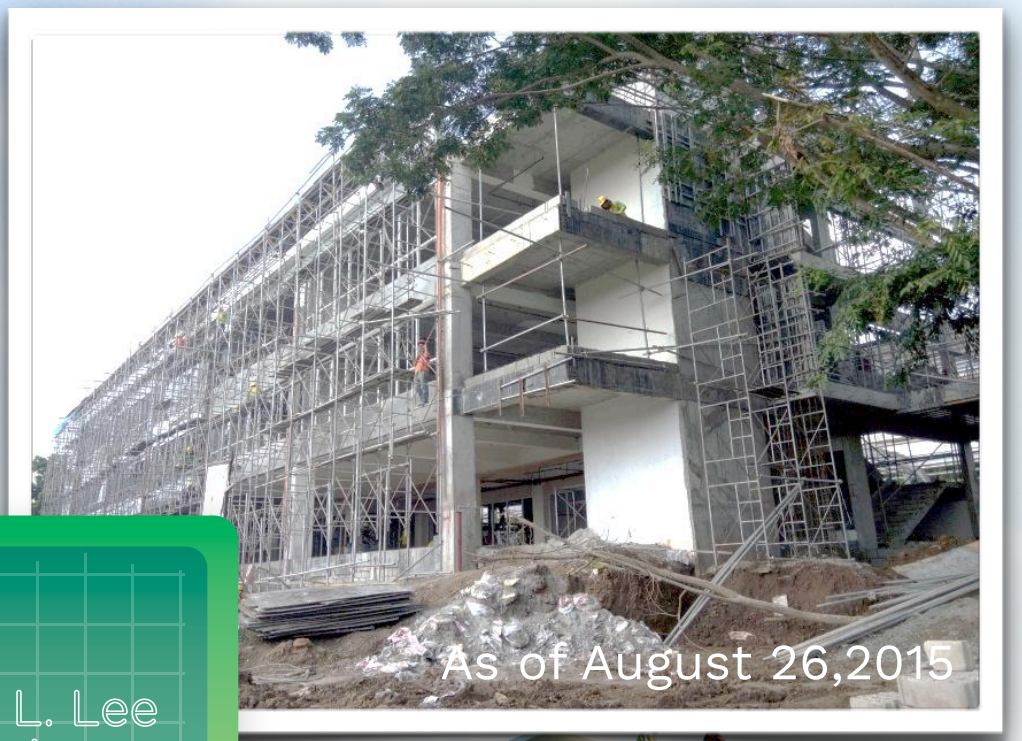

The DLSU Rufino Campus sits on a 1,395-square meter area along University Parkway, Bonifacio Global City. Its final stage of construction was marked with a topping off ceremony held in June 2015. It will house the College of Law and graduate programs under the RVR College of Business, and will have 18 classrooms, an auditorium, a moot court, and a library. The project is on target to be delivered by January 2016.

Otherwise known as the Clean Building at the DLSU Science and Technology Complex, this hub is especially designed to house the latest biotech and computing equipment in the country. The project will be completed in the first quarter of AY 2015-2016.

DLSU
Dr. George
S.K. Ty
Advanced
Instrumentation
Building

As of August 26,2015

DLSU Richard L. Lee Engineering & Technology Block

Construction of the Richard L. Lee Engineering & Technology Block continued in AY 2014-2015. Nicknamed "The Hangar," this facility at the DLSU Science and Technology Complex will be the main teaching facility for dirty and noisy engineering. The project will be completed in 2015.

The whole 10,000-square meter project site has already been leveled at the designated elevation of the first phase of the DLSU-STC sports complex. The materials and measurements of the football field and the track oval are in accordance with the set standards of FIFA and IAAF, respectively. Both structures are set to be launched in 2015.

DLSU College Football Field and Track Oval

Yuchengco Central Block

Construction of new facilities at the Ground Floor of the Yuchengco Hall started during AY 2014-2015. As approved by the President's Council, the new productive space will feature the redesigned bookstore and our relocated official merchandise shop, The Store at DLSU. A new copying and printing center will also be part of the new development area to improve the roster of services made accessible to the community. Their services will include photo ID printing, book binding, and document scanning, among others. The new area will be fully operational in the first quarter of the Academic Year 2015-2016.

Architectural and Civil/Sanitary Projects Completed, AY 2014-2015

Project Title
Construction of PSC – DLSU bridge extension
Proposed faculty center for Gokongwei College of Engineering at 8th floor of Br. Andrew Gonzalez Hall
Proposed Security and Safety Office at SJ-108
Demolition of Le'Hermitage
Demolition of PGP Chapel
Fabrication of Modular Furnitures for GCOE,c/o CLC @ 8th floor AGH
Fabrication of Furniture for MDR Hall STC c/o Rolin Panels
Fabrication of Furniture for MDR Hall STC c/o 1013 Construct
Fabrication of Furniture for MDR Hall STC c/o CLC
Fabrication of Furniture for MDR Hall STC c/o Novistelle
Supply of Chairs for MDR Hall STC c/o Ergo
Renovate Office - Convert Former Registrar's Office to Accounting Office
Supply and Installation of Modular Furniture & Walls for the new location of Accounting Office at Ground Floor LS Building
Supply and installation of ergo chairs and filing cabinets
Supply and Installation of Roll up Blinds for MDR STC
Relocation of Stair at Yuchengco Hall Terrace
Supply of Steel Rack and cabinets for Lab and offices at MDR Hall
Supply of 38 mobile pedestal at MDR Hall STC

Mechanical and Electrical Projects Completed, AY 2014-2015

Project Title
Installation of power exit lights from Ground Floor to 5th floor, Learning Community 2, IS Complex – DLSU STC, from (Stairs and Exit) from Basement to 3rd floor, Milagros Del Rosario Hall DLSU STC
Installation of power supply of emergency lamp from Ground floor to 5th floor, Learning Community 2, IS Complex – DLSU STC
Installation of convenience outlets and LAN outlet at BAMCREF Office, 3rd Flr., Br. John Hall
Replacement of three (3) ENDO ERD2400w 14.2W 31 deg. 4000K Module at 14th Flr., Henry Sy Sr. Hall
Replacement of lamps at Marian Quadrangle, Amphitheater and AGH – 6 pcs of 150W Ace Light CMH street/load lamp XTGL
Diversion of Alphet cables at Switchboard, St. La Salle Hall
Installation of network wire at Rm108, St. Joseph Hall
Installation of convenience outlets and T.V. outlet at Rm B Brothers' Community, 4th Flr. St. La Salle Hall
Preventive maintenance of Panel boards at St. La Salle Hall, Br. Gabriel Connon Hall, STRC Hall, Gokongwei Hall, E. Razon Sports Center, E. Yuchengco Hall, Velasco Hall, William Hall, St. Joseph Hall, St. Miguel Hall, Br. Andrew Gonzalez Hall, and Genset area, Leveriza side
Rehabilitation and installation of power supply for Christmas decoration in campus, includes dismantling
Relocation of network cabinet and installation of temporary supports, LS Mezzanine renovation, Rooms 109, 109, 110, 111, SFA, IDF156, IDF102, St. La Salle Hall
Installation of power supply of dual submersible pumps, St. La Salle Hall facing HSSH
Installation of power supply for lighting and convenience outlets, Rms 108-111, St. La Salle Hall,
Installation of additional VGA cable of projector at Rm 109-111, St. La Salle Hall
Relocation of projector at Rm 109-111, St. La Salle Hall
Troubleshooting and replacement of reactive power regulator at E. Razon Sports Center
Repair and replacement of bearing for 100HP chilled pump #3 at Br. Andrew Gonzalez Hall
Supply and replacement of leaking and defective compressor parts of Chiller #2, Br. Andrew Gonzalez Hall
Rewinding of 100HP Chilled Water Pump #3; includes dismantling and reinstallation at Br. Andrew Gonzalez Hall
Rewinding, replacement of bearings and Mechanical Seal of 5HP Centrifugal Pump at STRC Hall
Replacement of Londag print for passenger elevator #3 at E. Yuchengco Hall
Replacement of light barrier of passenger elevator #1, E. Yuchengco Hall
Replacement of governor ropes for service elevator at E. Yuchengco Hall
Semi-annual replacement of pipes and filters for 85 units of water coolers and water purifiers in campus
Replacement of door roller VAR 30 and light barrier of passenger elevator #3 at E. Yuchengco Hall
Replacement of Safety door edge captyre wire for Mitsubishi elevator at STRC Hall
Rehabilitation of rotary blowers #1-3 models SSR-80 at Grd., Flr., Henry Sy Sr. Hall, STP Pump

Special Project Title	Project Cost (PhP)	Status
College rubberized track oval and football field	P55M	80% completed. Target Date of Completion August 31, 2015.
Integrated School football field	P35M	For Bidding. Target Date of Completion April 30, 2016.
La Salle Innovation Center	P75M	For Bidding. Target Date of Completion August 31, 2016
Yuchengco Central – new location of bookstrore, printing/ binding/lamination center, and DLSU merchandise store	P5M	95% Completed.
Renovation of St. La Salle Hall South Gate and walkway	P6M	For MRF. Target Date of Completion March 31, 2016.
Development of Razon 6th Floor to house fitness center, LSDC dance studio, archery range, and LS Choral practice area	P10M	For submission of Bids. Target Date of Completion December 31, 2015.
Concreting of select portions of STC road network from Westgrove gate to STC dormitory	P30M	Design Phase.
Renovation of Br. Connon Student Hall – Student Affairs, Student Publications, Cultural Arts offices and student groups	P35M	For MRF. Target Date of Completion May 31, 2016.
DLSU-STC, The Clean Building	P100M	70% completed. Target Date of Completion September 15, 2015.
DLSU-STC, Richard L. Lee Engineering and Technology Block (The Hangar Building)	P110M	65% completed. Target Date of Completion September 15, 2015.
DLSU-BGC Rufino Campus	P250M	45% completed. Target Date of Completion January 30, 2016.

Campus Sustainability

Carbon Neutrality and Energy Conservation.

The University initiated efforts towards Energy Conservation and Carbon Neutrality. Programs and activities undertaken are the following:

• Energy Conservation General Principles

Core energy conservation policies which target a carbon-neutral status has been approved by the Administration Council.
The principles will serve as the foundation for the processes that will enable the school to improve its engineered management of energy demands, efficiency in its use of electricity and the appropriate use of renewable energy in its campuses.

• Energy Audits

The Campus Sustainability Office in partnership with Meralco and faculty members of the Gokongwei College of Engineering and the Mechanical and Electrical Works Office conducted energy audits of all buildings and facilities of the Taft and STC Campuses. Recommendations included consolidation of 8 energy accounts into a single primary account, targeting around P7.8 million savings.

• Revision of Meralco Demand Contracts

Energy demand contracts with Meralco of three buildings were revised due to underutilization. This saves the university around P70,000 per month which used to go to penalties incurred due to the Guaranteed Minimum Billing Demand (GMBD) under the old demand contracts.

• **Installation of LED lights**

Fluorescent lamps & CFLs (compact fluorescent lamps) of 6 buildings have already been replaced with LED tubes. This is expected to generate around 6.6M peso-savings annually.

• **Carbon Sequestration Inventory**

The Campus Sustainability Office in partnership with the Biology Department has initiated the inventory of carbon, sequestered by trees found on campus. Currently, 685 trees on the Manila campus sequester around 1,400 kg of carbon annually which is expected to increase up to 10,373 kg per year in ten years. Inventory on the Laguna campus is still on-going.

Environmental Education and Awareness Campaigns

• **No Impact Experiment**

The University participated in this global, environmental initiative supported in the country by the Asian Development Bank. It aims to reduce or eliminate environmental impacts of the community through reduced consumption and the adoption of sustainable alternatives in energy, transportation and manufactured/processed goods.

• **Student Organization under Campus Sustainability**

The Campus Sustainability Office handled programs for students through the Environmental Conservation Organization (ECO)—a student organization based in STC but has membership in both STC and Taft Campuses. Programs and activities undertaken included:

a. Climate Change Campaigns in partnership with the Climate Change Commission
b. Environmental education modules for students
c. Mangrove planting and monitoring in Lemery, Batangas
d. Coastal cleanup activities in San Luis, Batangas
e. Bird watching training of student guides with the Wild Bird Club of the Philippines

- **Green Leaders Campference**

The Campus Sustainability Office, for the past 4 years has been co-hosting with DLSP the annual Green Leaders Campference a 3-day youth camp that brings together green youth leaders from all the 16 DLSP schools. It aims to raise awareness and engage the youth leaders into environmental action both on a local and regional level.

- **DLSU-LS Beauvais Campus Sustainability Internship Program**

The University has partnered with La Salle Beauvais, France in the conduct of a 4-month Campus Sustainability Internship for French students. The partnership provides venues for education and awareness raising on sustainability initiatives and best practices between the two universities.

Biodiversity Programs

- **DLSU-DepEd partnership in support of the National Greening Program**

The University signed a memorandum of understanding with the Department of Education promoting the establishment of native and endemic tree species nurseries in public schools in support of the National Greening Program of government. Together with DLSU-D and DLS-HSI, the University conducted teacher-training sessions and established tree nurseries in 13 partner public schools in Metro Manila, Laguna, Batangas and Cavite.

- **Wild Bird Species Inventory at DLSU STC**

The University in close partnership with the Wild Bird Club of the Philippines (WBCP) has conducted a series of wild bird species inventory at DLSU-STC. A total of 54 wild-bird species were documented to include 6 endemic birds, raptors, as well as wild ducks.

IT Expenditures, AY 2014-2015

Type	Amount
Hardware	42,695,206.13
Software	3,210,583.63
Network	2,727,443.54
Maintenance	501,580.00
Computer Supplies	6,203,243.10
Internet	4,290,282.76
Others (Please specify)	59,628,339.16

Major IT Developments

The ITS Office assisted the Quality Assurance Office in deploying the Knowledge Sharing Site through the Sharepoint platform. The ITS Office will also be launching the new DLSU intranet in Term 1 of AY 2015-2016 on the said platform.

The ITS acquired DLSU's own Internet Protocol Block (IP Block) and applied for our own Autonomous System Number (ASN) from APNIC (Australia), the Regional Internet Registry (IR) serving the Asia-Pacific Region.

The said internet resources has allowed DLSU to connect to the Philippine Open Internet Exchange (PHOPENIX) and the Philippine Research, Education, and Government Information Network (PREGINET) in August 2014. The PHOPENIX has direct peering with Google, Inc. and it also hosts a Global Google cache, which includes YouTube videos. PREGINET, on the other hand, is peered with several international research networks like the Asia-Pacific Advanced Network (www.apan.net) of which Waseda University, Tokyo Institute of Technology, and most Japanese universities are members.

The DLSU Google and YouTube traffic are currently diverted to PHOpenIX. PREGINET connectivity has, likewise, given researchers access to the High Performance Computing (HPC) Facility of DOST-ASTI.

DOST-ASTI HPC facility is the only facility of its kind in the country. It has a cluster of 24 servers with a total of 576 cores.

The 25-year-old precision air-conditioning units (PACUs) of the data center were replaced. The new units, which cost P2.5 million, are more energy efficient, and projected to save energy costs by P1.0 million a year.

ITS also targeted the replacement of 200 projectors that were installed in 2009, 2010, and 2011. The new units have a higher contrast ratio (clearer) and longer lamp life.

The ITS established a 30 mbps connection directly to STC.

- act as the back-up internet connectivity of DLSU-STC through the ISPs of DLSU-Manila;
- be the VoIP carrier of the DLSU-STC PABX; eliminate the use of Virtual Private Network (VPN) to secure the connections of DLSU-STC workstations to DLSU-Manila application servers and vice-versa;
- provide DLSU-Manila the internet connectivity to use DLSU-STC as a Disaster Recovery (DR) Site during night time; and
- allow DLSU, thru the DLSU-STC PLDT 100 mbps internet connectivity, access to the PLDT proprietary Vitro Internet Exchange (VIX), which handles more than 80% of the internet traffic in the country.
- The connectivity is expected to improve the user experience as it will reduce the number of “hops” a user has to traverse to reach a local site connected to PLDT.

Institutional Recognition Related to Energy Management and Green Buildings

2014 Meralco Luminaries award

DLSU was recognized as one of the 2014 Meralco Luminaries. The award is an acknowledgement of the school’s contribution towards nation building through its creativity, leadership, and innovation in managing energy resources.

2-Star BERDE Design Certification

The DLSU Henry Sy Sr. Hall was granted a 2-Star BERDE Design recognition, the first educational institution building in the Philippines to be recognized under the BERDE Assessment and Certification system.

The **Presidents' Report** A.Y. 2014-2015

Creative, resilient, and constantly
inspired by the ideals
of St. John Baptist de La Salle,
De La Salle University resolutely
manages its own internal transitions
and pursues an active role in shaping
the educational landscape, not only
in the country but also in the region.

With a renewed vision-mission
as a leading learner-centered
and research University that is attuned
to a sustainable Earth, it remains
steadfast in empowering young minds
and transforming lives through faith,
service, and communion.
